PROFILE

Communications and advocacy professional with experience across conservation, culture and development, alongside freelance marketing and communications planning. Develops executive messaging and content for public initiatives, coordinating delivery with partners and internal teams.

PROFESSIONAL EXPERIENCE

Communication and Advocacy Senior Specialist

Arabian Leopard Fund

March 2026 to Present

- Plan and execute communications and advocacy activities focused on conservation awareness.
- Write and develop executive communications and messaging for different audiences.
- Create, edit and review content for public, cultural and educational initiatives and events.
- Manage communications deliverables from development through delivery, coordinating messaging, requirements and timelines with partners and internal teams.
- **Digital education initiative:** Personally built the website and its underlying structure, developed the initial games, and created the books and educational content. Originating as a personal initiative, it is now a core project within the fund's education work.

Freelance Marketing and Communications

Independent Work

Projects before graduation and through May 2026

- Worked independently on marketing and communications plans alongside self-directed professional development.
- Developed a social media plan covering posts and tone of voice for an early-stage brand. Created basic brand and communications guidelines to maintain consistency across its communications.

Royal Commission for AlUla

Consultant | December 2024 to March 2025

Full-time contractor and member of the RCU team

Management Trainee | January 2024 to November 2024

- Contributed to communication plans and coordinated with internal stakeholders to keep institutional messaging clear and consistent across teams.
- Worked across Development and Construction, Operations, Hotels and Resorts, and the Cultural Oasis team within Agriculture.
